## OFFICE OF INSTITUTIONAL RESEARCH, PLANNING, AND INFORMATION MANAGEMENT

The College of Charleston's *Planning and Reference Fact Book* is a structured presentation of information about the university that is frequently requested by students, faculty, staff, trustees, alumni, and others. Being responsible for the development and maintenance of data resources to support planning, budgeting, institutional effectiveness, compliance, and policy-making, the Office of Institutional Research, Planning and Information Management developed this Planning and Reference Fact Book in 1996, as an enhanced and restructured version of the previously-produced Fact Book.

This document captures student information through fall semester 2013 and fiscal year data through June 30, 2013. Some pages may contain data as recent as spring 2014. Institutional Research and Planning appreciates the efforts of all involved in producing this information.

An online version of the Fact Book can be found at <http://irp.cofc.edu/facts-and-publications/PRFB-Main-Menu.php>. The online version is updated dynamically each semester and therefore contains the most recently updated reports.

We invite your comments regarding the 2013-2014 Planning and Reference Fact Book and welcome suggestions for future editions.

## College of Charleston Mission Statement

The College of Charleston is a state-supported comprehensive institution providing a high quality education in the arts and sciences, education and business. Consistent with its heritage since its founding in 1770, the College retains a strong liberal arts undergraduate curriculum. Located in the heart of historic Charleston, it strives to meet the growing educational demands primarily of the Lowcountry and the State and, secondarily, of the Southeast. A superior quality undergraduate program is central to the mission of the College.

The College of Charleston seeks applicants capable of successfully completing degree requirements and pays particular attention to identifying and admitting students who excel academically. The College of Charleston serves a diverse student body from its geographical area and attracts students from national and international communities. The College provides students a community in which to engage in original inquiry and creative expression in an atmosphere of intellectual freedom. This community, founded on the principles of the liberal arts tradition, provides students the opportunity to realize their intellectual and personal potential and to become responsible, productive members of society.

In addition to offering a broad range of baccalaureate degree programs, the College currently provides an increasing number of masters' degree programs, which are compatible with the community and the state. As a prominent component of the state's higher education system, the College encourages and supports research. Its faculty are important sources of knowledge and expertise for the community, state, and nation. Additionally, the College provides an extensive credit and non-credit continuing education program and cultural activities for residents of the Lowcountry of South Carolina.

*This Mission Statement (also called the Statement of Purpose) has been approved or revised by the College of Charleston Board of Trustees on January 16, 1974; January 16, 1991, February 15, 1994; and July 13, 2006. The Mission Statement was approved by the South Carolina Commission on Higher Education on June 11, 2014.*

## **College of Charleston Statement of Institutional Values and Goals**

In order to achieve its envisioned future the College has identified the following goals that will enable it to combine the personalized, student focus of a small teaching institution with the breadth of curricular, co-curricular and extracurricular opportunities of a research university.

### **Core Purpose**

To pursue and share knowledge through study, inquiry and creation in order to empower the individual and enrich society

### **Values**

- **Academic excellence** that furthers intellectual, creative, ethical and social development through a broad range of programs centered on the liberal arts and sciences
- **Student-focused community** that embraces mutual respect, collaboration and diversity for the welfare of the individual and the institution
- **The history, traditions, culture and environment of Charleston and the Lowcountry** that foster distinctive opportunities for innovative academic programs and relationships that advance our public mission in the city of Charleston, the state of South Carolina and the world.

### **Goals**

1. Provide students a highly personalized education based on liberal arts and sciences core and enhanced by opportunities for experiential learning.
2. Develop or enhance nationally recognized undergraduate, graduate and professional programs in areas that take advantage of our history, culture and location in Charleston and contribute to the well-being of the region.
3. Provide students the global and interdisciplinary perspectives necessary to address the social, economic, environmental, ethical, scientific and political issues of the 21<sup>st</sup> century.
4. Establish and promote a vibrant campus-life atmosphere dedicated to education of the whole person through integration of curricular and co-curricular or extracurricular activities.
5. Achieve financial security by creating a new financial model for the College of Charleston.

*This statement was approved by the College of Charleston Board of Trustees in October 2009 and revised in the strategic plan in February 2013.*
